I am writing this letter as a form of apology. I am truly sorry for my actions during the event yesterday. I know that I was out of line and my actions were totally uncalled for.

I am not trying to make any excuses for what I did, but I got caught up in the moment of the tournament. I truly don't remember all that I said, I had 22 kids fighting yesterday and I had a long stressful day.

I am sorry for any disrespect I showed. I am not a bad person. I make mistakes and I am sorry. I am still learning. I am young and am still figuring some things out. These actions I displayed will never happen again. Once again I am very sorry for all that occurred.
