USJF Judo Conference**

Dear Friends in the American Judo Community:

The USJF Development Committee is proud to announce the 2003 USJF National Judo Conference. This year we have made significant improvements to our national conference in order to make it more meaningful and productive to all members of the American judo community. These changes include:

- having sessions not only for teachers, but also for referees, kata instructors and participants, and elite athletes in training
- presentation of our newly revised teacher s institute curriculum, which we hope will revitalize the teaching of judo in the country
- moving the conference to start on Friday and end on Sunday, so working adults need take only one day off from work

We hope that you will be excited to participate in our 2003 National Judo Conference. And as in the past, as an added incentive we will waive the conference fees for one member of each USJF charter club to attend the conference.

Hope to see you in June in San Francisco!

Sincerely,

David Matsumoto, Ph.D.

Chair, USJF Development Committee

USJF National Judo Conference Registration Form
