

USJF HIGH DAN DIRECTORY

The following is a directory of promotions to Yodan and higher issued by the United States Judo Federation. As this listing is limited to those ranks issued by the USJF, promotions awarded by other organizations are not listed here. As our database was put in to use in 1992, this listing includes individuals who have been active at some point during the last 10 years. Thus, there are a great number individuals who do not appear in this directory. We will continue to work on inputting all of our historical promotion records into our database. Thus, subsequent versions of the High Dan Directory will include additional individuals and their ranks as they are added. An asterisk "*" appears after the names of our honored members who have passed away. If there are any discrepancies, corrections, or updated information for this listing, please do not hesitate to contact the USJF National Office.

The information displayed is the individual's full name, USJF Promotion Identification Number, and Yudanshakai Affiliation. Some of the Yudanshakais listed may be unfamiliar as they are no longer active, but were active at the time of the promotion.
